

A circle is infinite. Circularity is Infinite.

Launch event of the Helsinki-Uusimaa EER year.

Petri Alava, CEO and co-founder, Infinited Fiber
Company.

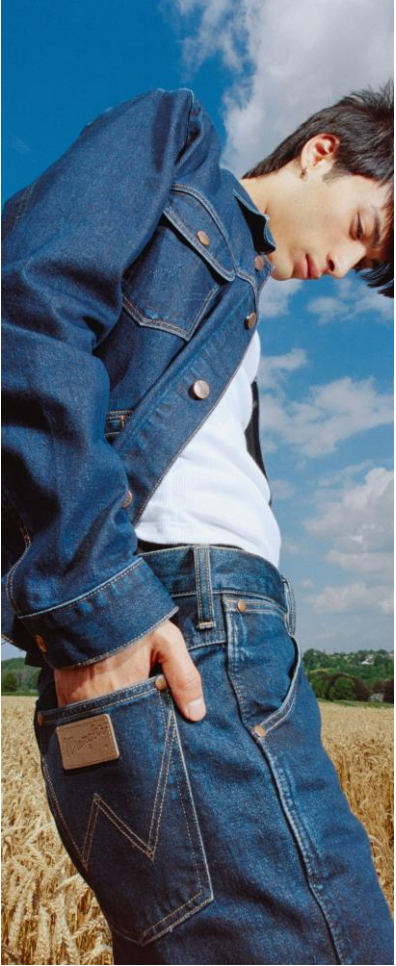

November 30, 2021.

Our technology is ready to change the world.

The clothes we all love – made with Infinna™.

Niche is not enough. Making Infinna™ mainstream.

Flagship factory: a stepping stone to technology licensing.

- 30,000-metric-ton/annum capacity, due to open in 2024.
- Multi-year Infinna™ fiber sales agreements in place with several leading global brands.
- Negotiations ongoing for all other relevant supplies and resources.

Technology licensing: the fast track to meeting the massive demand for Infinna™.

- Creating global, circular supply chain of preferred partners for turnkey technology deliveries.
- Negotiations with potential licensees ongoing, focusing on existing fiber manufacturers.
- Building Infinna™ off-take agreement back-log for future licensees.
